Select which resistor to mount with assembly variant!

Pullup switch DCDC to light load mode

Mount Hole 3.2mm
Resistors can be swapped to better routing.
Revision changes REV02.a (15.03.19):

1) Schematic: nets B14_IO0 and B14_IO4 renamed to B16_IO0 and B16_IO4 accordingly
2) Schematic: changed value of R12 and R15 to 240Ω
